BANK AUDIT

In 2020, I had the privilege of conducting an audit at an SBI bank branch in collaboration with my superior. This audit process involved a comprehensive review of the branch's financial records and operational procedures to ensure compliance with regulatory standards and internal policies. Our diligent examination and analysis allowed us to identify areas for improvement and provide valuable recommendations for enhancing the branch's overall efficiency and effectiveness. Through our collaborative efforts, we were able to contribute to the ongoing success and integrity of the SBI bank branch.
